## NINE FIREMEN DEAD.

Six Others Seriously Injured  
in Milwaukee.

## DAVIDSON THEATER BURNED.

The Men Were on the Roof of the Building, When, Without Warning, It Gave Way, Hurling Them Into the Seething Flames—Numerous Deeds of Heroism. Names of the Victims.

MILWAUKEE, April 10.—Nine firemen are dead, six are seriously injured and Milwaukee's leading theater, the Davidson, is in ruins, the result of a fire which mysteriously started in the roof of the building early Monday morning.

At 4:20 o'clock flames were seen breaking out from the rear of the Davidson theater and hotel, a structure valued at \$300,000. An alarm was promptly responded to, but not until the roof was a sheet of flames.

Immediately on the arrival of the firemen ladders were run up and the men rushed up on the roof, six stories from the ground. In doing so, Allie Ries, one of the men, slipped and fell to the ground, being killed by the fall.

A number of firemen were directed to the rear portion of the roof, right over the stage, where the fire was the worst. These firemen and others took their stations and began work, when, without warning, the roof under the men gave way, precipitating 20 of the men 80 feet below into the fire on the large stage of the theater.

Deeds of heroism were numerous, as usual, under such circumstances. Michael Dunn, captain of one of the fire tugs, slid down a rope, hand over hand, to the roof of the Davidson hotel, which escaped destruction. The fire took a new start among the debris, and amid the groans and shouts of the imprisoned firemen the work of rescue began and was kept up until 8 o'clock last night, when the last body was taken out and the work abandoned.

The following is a list of the dead:  
Third Assistant Chief August Janssen, 265 Eighth street.

Frank McGurk, lieutenant truck company No. 4 and acting captain No. 14, 397 Park street.

Fred Kroeschmer, pipeman chemical company No. 2.

Captain Archie Campbell of the fireboat Foley, 71 Twenty-seventh street.

Allie Ries, company No. 3, killed by falling ladder.

James C. Freeman, lieutenant company No. 4.

Frank Winne, chemical No. 4, found in balcony of theater.

Thomas Morgan, engine company No. 1.

John Farrell, chemical No. 2.

The injured are:

Charles Schunk, captain chemical No. 2; compound fracture of leg and hand and severely bruised about the head; 32 years of age.

John Yeo, pipeman No. 4; badly burned about the head and arms; 34 years of age.

John Farrell, No. 4; found alive in the ruins and taken to his home.

Frank Schroeder, No. 5; back badly sprained and head cut; 27 years of age.

Fred Mauser, No. 5, foot crushed and back sprained; 34 years of age.

Patrick Linehan, captain No. 4; collarbone fractured and internally injured.

Lieutenant Curran, No. 2, internally injured; probably fatally.

John Crowley, No. 14, single; badly burned and crushed.

John Crowley remained in the ruins alive for hours and his comrades put forth tremendous exertions to save him. There was fire all around him, and the spot where he was pinned down was kept flooded. Along about 10 o'clock the firemen got near enough to speak to him and were a good deal surprised to find him conscious and able to talk. He asked his rescuers to be careful and not drown him with the streams. He said there was a dead man near him, but did not know who it was.

After that Crowley's voice could not be heard for some little time and it was feared that he was dead, but he subsequently was able to make himself heard again. He said the body near him was that of a man who had been drowned. Some iron rods were pinioning Crowley down, and the firemen could not stop throwing water on the burning ruins above him, for fear that the unfortunate man would be burned to death. An engine was kept drawing water from a point directly under Crowley, in the hope that he could be kept alive.

At noon the awful alternative was considered of cutting off Crowley's legs to release him, and it is said the poor fellow requested this to be done. There was 10 feet of burning debris about the pinioned man.

At 12:15 Fireman Crowley was released from the ruins and taken to the Emergency hospital. He is badly hurt and may die. He had been imprisoned for seven hours.

The loss on the building, scenery and equipments of the Liliuputian company aggregates \$200,000, on which there is an insurance of \$88,000, of which \$10,-

000 is carried by Rosenfeld Brothers, owners of the Liliuputians. Their loss will be \$75,000.

## ORIENTAL NEWS.

A Few of the Recent Occurrences in Japan Reported by Steamer.

SAN FRANCISCO, April 10.—The steams-ship Belgic brings Japanese news up to March 24, as follows:

The Emperor of Germany has intimated his intention of presenting the Emperor and Empress of Japan with a pair of porcelain vases as a memento of the imperial silver wedding.

Two new political parties are being brought into existence in Japan. One is a fiscal association for developing the resources of the country on an economic basis; the other is an agrarian league pledged to further the interest of the farming class.

The King of Korea has refused to grant Russia permission to lay a submarine cable between Vladostock and Gensan. The Korean minister of state is said to favor Russian interests.

The Korean government is levying special taxes for the purpose of creating a navy.

A native paper reports that Japan is about to build two new warships of 150,000 tons each.

The action of China in sending troops into Korea to punish brigands is causing much unfavorable feeling in Japan, and is said to be a violation of the treaty of Tientsin.

From Siam comes an extraordinary case of credulity. Near Sapatome, a Buddhist priest has been amassing great wealth by tattooing people to make them invulnerable. One of his dupes invited a number of friends to witness the potency of his charm, and placing a gun in his mouth, pulled the trigger with his toe. The priest has been forced out of business.

The Shineri colliery at Kurategun caught fire while 755 men were in them. Eighteen were burned to death.

The Populists of Miyasakiken recently divided into two parties and engaged in battle with swords and rifles. The combatants numbered 4,000 and many of them were wounded.

The recent alleged attempt by which the King of Corea and all his ministers were to have been blown up by powder, turns out to have been a party affair. It originated in the revengeful talk of a single Korean, who had been stripped of his money by a confidence man and suffered himself to indulge in revolutionary threats against the reigning dynasty. The young fellow had been an officeholder, but failing to secure an appointment, had offered large bribes to influential men. The confidence man, who is said to have been a Javanese, escaped.

## WOMEN MASONS.

Mrs. Lease in Chicago to Organize an Order, Talks of Her Plans.

CHICAGO, April 10.—Mary Ellen Lease of Kansas is here. In an interview she said:

"I am in Chicago to organize a Masonic order for women. I have decided that the Masonic order has been of such wonderful benefit to men—so wonderfully uplifting and educational—that it is certainly a pity to deprive women of the benefits. I do not propose to organize anything antagonistic to the present Masonic order, but the organization will be made in such a manner that they will co-operate with us and approve it. I wish to organize here first, and then in New York and the other principal cities. "I am already billed to speak in New York for a compensation of \$500 a night at Madison Square. The lectures will be followed by the organization and the initiation of members of the Masonic degrees. This is really no new departure; in fact, it is old. At one time in Europe, principally in France, the crowned heads all went wild over the scheme of conferring Masonic degrees on women. There is no use in saying there is any Masonry in the Eastern Star degree. I propose to use the bona fide Masonic order."

Asked how much she knew about the Masonic rites, Mrs. Lease looked knowing, and said she knew all about it. Asked how she knew, she looked mysterious and said she did not care to tell, but it was not by "peeping."

## MAIL, COLUMBIA!

Another Great Warship Added to Your Uncle Sam's Fleet.

PHILADELPHIA, April 10.—When Captain Sumner hoisted his flag on the Columbia at Cramp's shipyard Monday, in accordance with the orders of the navy department, placing her in commission, the United States became the proud possessor of the finest and fastest man-of-war in the world, and of a vessel that can show heels to any other cruiser or merchantman that floats. The Columbia is the second triple-screw cruiser to be built in the world, the other being the German warship Kaiserin Augusta.

While the Columbia has not the speed of some of the torpedo boats, she is nevertheless the swiftest vessel of any great tonnage afloat. For several weeks past a large force of workmen has been engaged in giving the finishing touches to the vessel, and she was surrendered by the painters, when everything in sight had been painted the regulation white. The Columbia will first go to New York, where she will join the North Atlantic squadron under Commander Meade.

During the summer she will make a voyage to Europe, and the big naval authorities of the old world will be afforded an opportunity of seeing what Uncle Sam is doing for the protection of his shores. The next ship to be launched by the Cramps is the American liner St. Louis, and she will be followed by a sister ship, the St. Paul.

## Blizzard in Maine.

BAR HARBOR, Me., April 10.—A blizzard raged here Sunday and Monday. The drifts are four and five feet deep.

## COMMONWEAL DIVIDE

Trouble Begins in Coxey's Great Undertaking.

## A NEW ARMY TO BE FORMED.

The Museum Freaks Are Refused Admission and Now Threaten to Organize an Army in Which Women Can Join. Washington Authorities Release Primrose and His Men.

UNIONTOWN, Pa., April 10.—There are trouble some times ahead for the commonweal if the signs of the times point aright. An unofficial courtmartial of Cyclone Kirkland, the astrologer, Jasper Johnson, the sable color bearer, and Weary Her, the commissary, was held last night, and they were absolutely refused re-admission into the army by reason of their having been exhibited in a Pittsburg dime museum.

The three men arrived in town yesterday and visited the camp, where they were cheered and a demand made by the members for reinstatement. Johnson and Kirkland made speeches, in which they professed fealty to the cause. The temper of the men was shown in their expressions and actions.

The Unknown, who had charge of the camp, announced that he favored the reinstatement of the men, but would have to refer the case to his superiors. The meeting between the officers was spirited and the Unknown turned down. A special order was then issued by Carl Browne denouncing the presence in the army of any museum freaks and irrevocably deciding against the three men.

The exact future action to be taken by the men can not be ascertained, but Cyclone Kirkland asserts that he will organize a new commonweal, in which women may join.

The 12 mile tramp over the national pike was uneventful.

In this city 5,000 visitors viewed the entry of the army and thousands of townspeople were interested spectators. Camp was pitched at Mountain View park, two miles from the city. The use of it was donated by John McCormick, who also contributed several hundred loaves of bread and several hundred pounds of beef.

In his order No. 12 Marshal Browne announced that after Camp Dalzell, at Laura Hill, Tuesday night, the mountaineers trip of 70 miles will begin and the fare then will consist of hard tack and coffee, with ham for supper. He scores the state militia, and compares their lawlessness on a march to the peaceful progress of the army of peace. He petitions the men to guard carefully Congressman Dalzell's property, and to be watchful of the mountaineers who are a hospitable people but a courageous class when imposed upon.

## ORDERED BACK.

Utah Authorities Having Serious Trouble With the Industrial Army.

OGDEN, U. T., April 10.—Judges Miner and Merritt have signed a mandatory restraining order on the Southern Pacific railroad, restraining them from keeping or allowing the industrial army brought by said railroad company "unlawfully into said territory" and ordering them all back into the 27 boxcars or from keeping any portion of the army in the cars any longer in the territory than is absolutely necessary to carry them away.

This means that the Southern Pacific must at once carry the army back from whence it came. It is stated that United States Marshal Brigham will enforce the order compelling the army to return to the boxcars at once.

The result of the injunction has caused much excitement, as it is known there will be great danger of trouble in enforcing it.

The industrials have repeatedly asserted that they will not go back and developments of exciting nature may be looked for.

Judge Marshall, attorney for the Southern Pacific railroad, gave notice of appeal to the supreme court from the order of the court. He asked for a stay of execution until the appeal could be heard. The request was denied by the court.

## Union Pacific Will Not Carry Them.

OMAHA, April 10.—So far as the Union Pacific is concerned that company will not furnish transportation for the industrial army, 1,250 strong, now corralled on the property of the Southern Pacific railway at Ogden. Superintendent Bancroft of the Wyoming division has been advised to protect the interests of the Union Pacific company and not allow the army of the commonweal to come east unless the unemployed are able to pay their transportation across the country from Ogden.

The officials at headquarters said: "The Union Pacific will not recede from the position taken by Superintendent Bancroft unless the army can pay its fare on our line. We don't believe in moving large bodies of men across the country in the face of opposition of localities having enough unemployed of their own to take care of. Many communities between Ogden and Omaha are already burdened with hundreds of men in idleness whom they feel in duty bound to protect. To move this large body from Ogden to the river would mean additional hardship on Omaha citizens pending their further disposition east of the river."

## Captain Primrose Discharged.

WASHINGTON, April 10.—Captain Jack Primrose and his 40 associates, comprising the first band of the army of the unemployed to reach Washington, were discharged from police custody yesterday by Judge Kimball of the police court where they had been arraigned as

vagrants. The judge ruled that they should be given a brief time in which to get work, and that if they failed and became beggars or loafers, they could then be arraigned as vagrants.

## PLEADED GUILTY.

Theodore P. Haughey, Ex-President of the Indianapolis National Bank.

INDIANAPOLIS, April 10.—To the great surprise of all, except his immediate attorneys, Theodore P. Haughey, ex-president of the Indianapolis National bank which failed July 25, 1893, appeared before Judge Baker of the United States district court yesterday afternoon at 4:30 o'clock and pleaded guilty to having systematically wrecked and looted the bank and embezzled the funds to the amount of nearly \$1,000,000.

The trials of the bank wreckers begin today in the federal court. Haughey's being the first one on the list of seven. The others are his son, Schuyler C. Haughey, Percival and Frank Colvin of the Indianapolis Cabinet company, Cashier Rexford, Albert C. Reed and A. B. F. Pierce. These will be tried as indicted for aiding and abetting.

The indictment of T. P. Haughey contains 167 counts, he pleading guilty to five of the counts which contain the substance of the whole indictment. The counts refer specifically to misappropriating the bank's money to the use of the Indianapolis Cabinet company, transferring funds to himself, making false entries and issuing a false statement of the bank's condition a few days before the bank doors were closed.

Mr. Haughey appeared in court, bowed and broken with the weight of 65 years and the consciousness of having wilfully robbed his lifelong friends, neighbors and associates in the fraternity of Odd Fellowship of hundreds of thousands of dollars. He has been for 40 years the most trusted man in the city and the curtain is now closing. The court announced he would sentence the prisoner after the trials of the accessories.

The penalty is from five to 10 years' imprisonment and can be escaped only by death or the pardon of the president of the United States.

## CHILDREN TRAMPLED TO DEATH.

Panic in a Chicago Schoolroom Caused by a Bursting Steampipe.

CHICAGO, April 10.—The bursting of a steampipe in the basement of the Humboldt park school at noon yesterday, caused a panic among the pupils, and in the rush of the children to escape from the building one boy was killed, three fatally injured and over a score were crushed and trampled.

The dead, fatally injured and badly hurt are:

Dead—Daniel Gunstein, 10 years. Fatally injured—Andrew Anderson, 6 years; Benjamin Harris, 7 years, and Theodore Ellison, 10 years.

Seriously hurt—Clara Peterson, Della Schenbert, Martha Gibson, William Bartholdin, Joseph Signal, Martha Ellison, Holmer Strumberg, Samuel Graham, Clara Warner, Fred Rosenbaum, Mamie Lyadella, Ida Wilson, Albert Berry and Miss Josephine Corbett, teacher.

In addition to these, others were injured slightly. None of those in the list of seriously hurt will die.

## ONLY A FEW OUTBREAKS.

The Situation in the Coke Region Becoming More Critical Every Hour.

UNIONTOWN, Pa., April 10.—All is comparatively quiet in the coke region, although there have been a few outbreaks. The renewal of hostilities has not begun in earnest yet, but the situation is becoming more critical every hour.

Raids were made at the Youngstown of the Frick company and at the Lemonts of the McClure Coke company. Here 400 strikers assembled and prevented the plants from starting. They met at the Lemonts and made the first raid. All the men were at work, but left the yards on the approach of the strikers, and refused to go back to work for fear of serious trouble. The men then marched to Youngstown, armed with clubs and stones. They found a few men at work in the yards and a number in the pit and at once drove them off, warning them not to return. No property was destroyed and no one was injured.

## JAPS CATCHING ON.

The Emperor's Silver Wedding Not a Barbic Feast.

WASHINGTON, April 10.—People who believe that Japan is still a semi-civilized country would be speedily undeceived by reading a recent report made to the department of state by United States Minister Dun at Tokio.

The minister gives an account of the silver wedding of the emperor on March 12 last, and according to the description the magnificent yet refined style of the ceremonies would be creditable to any European court. A notable feature of the entertainment was the rendition of music composed 1,800 years ago and dances adapted to it at the time by Prince Otsumi.

The guests received as souvenirs silver statuettes of storks, and in strong contrast with the olden customs the emperor threw aside all reserve and conversed cordially with individual members of the diplomatic body.

## Novel Manner of Suiciding.

NEW YORK, April 10.—Anton Ruschicka, formerly a packer in a cigar factory, was found dead in a vacant room on the third floor of 404 East Seventieth street, where he used to live. He had committed suicide, having hung himself from a transom over the door. His method of suicide was somewhat unusual for he had fastened a string around his feet in addition to the noose around his neck which had strangled him. Ruschicka was out of work and despondent.

## BANDITS BEATEN OFF

Daring Attempt at Train Robbery Foiled.

## ONE OF THE ROBBERS KILLED.

Another One Wounded by the Express Messenger Whose Bravery Prevented the Robbery—The Men Unidentified, but Are Thought to Be Members of the Dalton Gang—Nothing Secured by Them.

POND CREEK, O. T., April 10.—As the south-bound train No. 1 on the Rock Island was approaching the Arkansas river, four miles south of here, at 11 o'clock last night, a masked robber boarded the engine, which was running slowly as usual in approaching the bridge at this point, and levelling two revolvers at the engineer's head, he commanded him to stop the train. The engineer at first made a show of resistance, but the threatening attitude of the robber overcame any desire he might have had to guard the company's property.

As soon as the train stopped several other masked robbers, the actual number of which is not known, made for the expresscar. Jack Harmon, the Wells-Fargo express messenger, realizing that an attempted robbery was being perpetrated, quickly picked up his revolver and stood at the car door, ready to meet the onslaught of the bandits. When the latter reached the car they and the messenger commenced to parley as to whether the door should be opened or not. Harmon finally positively declined to open up.

The robbers then placed a stick of dynamite under the car and an explosion followed which tore open the whole side of the car. After the explosion one of the robbers approached the car, and as soon as he was seen by Messenger Harmon, the latter opened fire and killed the robber instantly. As soon as the other bandits saw the game was up they attempted to retreat, but Harmon followed them, keeping up a continuous fusillade, and succeeded in wounding another of the gang.

The injured man fell in his tracks, but the others managed to get away. It is thought, however, that some of them have been seriously wounded.

The trainmen then picked up the dead and wounded robbers and, after placing them aboard the train, returned to Pond Creek.

Neither of the men have been identified. Some of the citizens believe them to be members of the Dalton gang.

The sheriff was summoned at once upon the arrival of the train, a posse was quickly organized and the country is being scoured for the outlaws.

While Express Messenger Harmon would not say whether or not there was any considerable sum of money on the train, it is believed here that the robbers had information that the train carried a large amount.

## FOREIGN BREWERS ALARMED.

A Report From London That the Boycott Has Disturbed Them.

NEW YORK, April 10.—A dispatch from London says:

Notwithstanding the glib assurances of the English officers of the St. Louis brewery syndicate, as well as the reassuring dispatches from the managers in that city, the fact remains that the English shareholders are decidedly alarmed over the outlook and are favorably disposed toward a treaty of peace with the Knights of Labor. There was a secret meeting of a number of the heaviest stockholders at the Cannon Street hotel on Saturday afternoon at which the call for the convention of brewery employes to be held in St. Louis this month for the purpose of organizing to the end that the boycott against the English syndicate might be more vigorously enforced was read and discussed. No formal action was taken but it was the opinion of many of those present that some steps should be taken for the protection of the English interests that are menaced by the uncompromising attitude of the American managers. Another meeting will be held on Saturday next, and it is not improbable that within a week two or three of the heaviest stockholders may sail for the United States with the view of looking over the ground in person and suggesting measures by which the breweries may be brought again into amicable relations with organized labor.

## LOGGING TRAIN DERAILED.

Seven Men Killed and One Other Man Fatally Injured.

SHELBY, Mich., April 10.—Seven men were killed at 11 o'clock yesterday near New Era, Oceana county, by the derailling of a logging train. The locomotive struck a tree which had been blown down across the track, and was thrown down an embankment, several logging cars piling up over the engine. Eight men were thrown into the wreck and were terribly scalded by escaping steam in addition to their other injuries.

Only one, Fred Chalker, escaped alive and he was fatally injured.

The dead are: A. Sheldner, engineer; Gus Anderson, fireman; Martin Lynch, Frank Shippey, Allen Critchett, Alderman Critchett and Emery Stearns.

All the victims were married except the three last named.

## Named For High Office.

WASHINGTON, April 10.—The president yesterday sent the following nominations to the senate:

Edward H. Strobel of New York, to be envoy extraordinary and minister plenipotentiary of the United States to Ecuador.

William Rockhill of Maryland, third assistant secretary of state, vice Edward H. Strobel, nominated minister to Ecuador.

"REV." C. W. LEWIS, the colored pension fraud who pleaded guilty in the U. S. Court at Chattanooga last week to fourteen charges of trying to defraud the Government, has been sentenced to twenty-eight years in the penitentiary. If there are any other such frauds at work they will do well to take warning.

**SOME CAUSES OF DEPRESSION.**  
 "A number of persons," says the Courier-Journal, "recently gave the Boston Herald the benefits of their views with reference to business depression. It is scarcely necessary to say that some of them laid the blame on the Wilson bill. But it is worthy of remark that some of the very people who took this view went on to add observations wholly at variance with such a position."

"Mr. George D. Mackay, Chairman of the New York Business Men's Relief Committee, after denouncing tariff reduction as a prime cause of depression, also declared that the overcrowding in cities is the great trouble. 'High factory wages and low farm wages,' he says, 'have destroyed the farm industries—whatever will restore farming will improve conditions—and make them more stable. This can be done by relief to farm burdens by some reduction in taxation.'

"We leave Mr. Mackay to reconcile his two positions as best he can, and invite attention to the views of Mrs. Clara T. Leonard, of Springfield, Mass., who is another of those who lay a share of the blame on the tariff reformers. Nevertheless, she directs attention to the embarrassments of the farmers, as follows: Farming is becoming more and more difficult, almost impossible for want of trustworthy farm laborers. Farmers' wives really suffer for want of domestic help. In the beautiful and prosperous village of Longmeadow and other similar neighborhoods to Springfield, within easy distance of our cities, families actually suffer for want of household assistance. I have lately known rich farmers' wives with young children, willing to pay good wages, unable to get any domestic whatever. Every well-meant effort which draws the population needed in the country into the city, where it is superfluous, creates dependence and pauperism on the one hand, and cripples the farmer in his resources on the other. I regard the movement of the rural population to our congested cities and the lack of early training in all manual labor as the two prime factors of all our poverty and pauperism."

"At the adoption of the Constitution over a century ago, the great mass of our population was agricultural. It was then argued that protection to manufacturers would be a great blessing to the farmers. It is still argued by protectionists, but look at the facts. The rush to the cities is promoted by the pretense that protection makes wages high. The farmer is unable to get the help he needs. On the other hand, the employees of manufacturers are idle a large part of the time. Many of them prefer to remain in cities and accept charity rather than go to the country and supply the labor which the farmers need. Yet when it is proposed to take from the farmers some of the needless burdens, imposed not for the benefit of other laborers, but for the support of trusts and combines, we are met by the cry that these measures of justice will ruin business. We quote the above views to show that this theory can not be supported without falling into the gross inconsistencies."

## TRAFFIC INCREASING.

This is Shown By the Railroad Earnings For the Fourth Week of March.

The Times gives this bit of encouraging news from the railroads: "The reports of railroad earnings for the fourth week of March indicate a rapid increase in traffic. There is always a steady growth of railroad business in the spring, which is usually accompanied by an equal increase in operating expenses, but the successive weekly reports for March show an extraordinary increase in earnings considering the slow recovery of the country from its period of business depression. Were it not that the earnings of most of the large roads last spring were unusually heavy, the aggregate earnings for March this year would afford very satisfactory comparisons. Basing their hopes on the rapid increase in the volume of traffic during March, railroad men are looking forward to exceptionally good returns for the current month."

"A glance at some of the figures just made public apparently justifies them in their expectations. The Missouri Pacific system's gross earnings in the fourth week of last month were \$711,000, an increase of \$255,730 over the earnings of the previous week. The St. Paul road earned in the fourth week \$862,953, as against \$568,446 in the third week. The Louisville and Nashville reports an increase for the same period of about \$136,000, and the Chesapeake and Ohio an increase of \$76,205. The Missouri, Kansas and Texas road earned \$143,521 in the third week in March, and increased its earnings in the fourth week to \$272,225. The Wabash Railway reports an advance of nearly \$120,000 in its gross earnings for the fourth week over its third week's earnings. Comparing the same two weeks, the St. Louis and Southwestern shows an increase of \$24,000, the Texas and Pacific an increase of \$65,000, the Richmond and Danville an increase of \$31,000, the Lake Erie and Western an increase of \$17,000, and the Buffalo, Rochester and Pittsburg an increase of \$40,000."

ENQUIRER: "Miss Ida Roff, the well-known teacher of elocution at the Cincinnati College of Music, will be tendered a reception at the Burnet House on the evening of the 13th of April by a number of her friends."

A CANNING factory, with a capital of \$20,000, is being erected at Kingsville, Ky., on the C. S. Railroad. A Cincinnati gentleman has been made President of the company and several of his fellow townsmen have taken stock. The company is arranging with farmers for the cultivation of 100 acres in tomatoes alone.

THE Fayette County grand jury made things rather warm for the so-called spiritualists last week. Prof. J. W. Lanceford and wife, who have been holding seances and making converts at Lexington for some time, were indicted on several counts. They must now answer to charges for nuisance, practicing medicine without license and for obtaining money under false pretenses in claiming to call up spirits from the other world.

HON. WILLIAM GOEBEL, of Covington, Democratic candidate for Judge of the Court of Appeals, was in town yesterday, and met many of the voters of Maysville and Mason County. He is a man of fine presence and made an excellent impression. Mr. Goebel is recognized as one of the leading lawyers of the State, and is one of the most popular men in Kenton County. On several occasions he has shown his ability to carry it over all opposition.

SAYS the Evening News of Washington C. H., O.: "Some little financial difficulty arose early last week that resulted in the closing of Hill & Co.'s grocery on East Court street, and the people were beginning to fear that the firm would not be able to stay with us, but Friday afternoon their doors were thrown open, and business is booming right along at the old stand. It is the place for bargains and hundreds of Washington C. H. people will be more than delighted to see them once more on deck. Here's hoping their doors can never be closed again for the jam of customers."

## THE BIG REVIVAL.

### The Rain Monday Did Not Dampen the Ardor of the People or Lessen the Crowds.

The rain of yesterday did not diminish the crowd or lessen the interest in the great meeting.

At the morning service Evangelist Fife gave a short talk, then said he would be glad to have others talk. Many testified that they had been greatly blessed in their own souls, and in seeing the salvation of their friends and relatives.

God's Holy Spirit opened many a heart and mouth and even timid maidens spoke the praises of their Master.

The night service, if possible, was even more interesting and solemn.

It was a strong appeal to the sinner to prepare to meet his God. At the conclusion of the sermon Rev. Mr. Maloney sang, "Where Will You Spend Eternity?" with sweetness and wonderful power. Mr. Maloney's singing adds greatly to the interest of the meeting, and he has impressed all with his gentleness and meekness.

Many asked for prayers, and in the afternoon meeting the main audience room was filled, and about sixty confessed Christ.

Services at the usual hours and places day and night. All are invited.

A committee representing most of the churches of the city requested Mayor Cox yesterday to issue a proclamation asking "the business men of Maysville, as far as possible, to close their places of business each day during said meetings from 10 o'clock a. m. until noon, and from 7 o'clock until 9 p. m., that the business men may have the opportunity of attending said meetings."

The proclamation was issued this morning.

### A Former Maysville Pastor's Successful Work.

Pittsburg Commercial Gazette: "One hundred and thirty-five members have been added to the First Christian Church of Allegheny, Rev. C. S. Lucas, pastor, during the last two months. The congregation has grown to such proportions that it is necessary to supplement the regular seating capacity of the church with chairs in order to accommodate the members alone. Missions have been organized in which the members have been transferred that there may be room in the mother church for the unconverted class, but the difficulty has not been removed. It is conceded by the official boards of the church that a new and larger church building is a necessity in order that the class which the pastor desires to reach may be brought directly under his influence."

Rev. Mr. Lucas' many friends in Maysville and Mason County will rejoice to learn of his success at Allegheny. The Daily Press of Pittsburg, of April 2, tells of a delightful surprise accorded Mr. Lucas and family the evening before by the 135 new members of his church, who called on him in a body. In the midst of the enjoyment, one of the number presented Mr. Lucas with a large bouquet of roses, tied with a true lover's knot of handsome ribbon, in the heart of which was a purse heavy with gold and bank notes of generous denomination.

### Guaranteed Cure.

We authorize our advertised druggist to sell Dr. King's New Discovery for consumption, coughs and colds, upon this condition. If you are afflicted with a cough, cold or any lung, throat or chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at J. J. Wood's drug store. Large size 50c. and \$1.

THERE was a rat killing in front of Odd-fellows' Hall this morning. The killing was done by Mr. D. Hechinger's little black dog, and it was done in short order. The rat was almost as large as the dog, and when the fight ended, the dog looked as if some one had dipped him in a mud-puddle.

THERE were two additions to the Presbyterian Church at Washington Sunday night, and much interest is being shown in the meeting. Rev. Mr. Kellar, of Bardstown, who is assisting the pastor, Rev. Mr. Spears, will preach every night this week.

## TOLLE VERSUS COOPER.

### Decision of the Superior Court Affirming the Judgment of the Circuit Court.

The Superior Court has affirmed the judgment of the Mason Circuit Court in the Tolle-Cooper slander suit. In the opinion of the higher court, rendered by Judge Yost, he says:

First—In actions of slander it is immaterial whether the charge contained in the slanderous words purported to be made upon defendant's own knowledge or upon information given him by another. Therefore in this action, in which plaintiff alleged, in the first paragraph of her petition, that defendant had said that he had seen her and B. commit a certain offense at a given time and place, and in the second paragraph that he had said that his sister had seen her and B. commit the same offense at the same time and place, the two paragraphs contained substantially the same charge, and although the defendant denied the allegations of the first paragraph, yet as he admitted he spoke the words set out in the second paragraph, and in justification alleged that they were true, the burden of proof was on him.

Second—Where the party upon whom is the burden of proof permits the other party without objection to first introduce his evidence, he thereby waives his right to the concluding argument to the jury.

## SENATOR HILL'S SPEECH.

It Was the One Subject of Interest to Both Houses of Congress.

WASHINGTON, April 10.—The proceedings in the senate yesterday, from the opening to the closing of the session, were full of interest. The first in point of time was the swearing in of Mr. Walsh as a senator from Georgia to serve out the term of the late Senator Colquitt.

Two resolutions intended to facilitate debate on the tariff bill were introduced, one by Senator Mills providing for an amendment to the rules so as to permit of the previous question and the other by Senator Allen providing for the taking of the final vote on the bill on June 7, allowing three days for debate under the five minute rule. Both went over without action.

The Wolcott resolution, looking to the coinage of Mexican dollars for the China trade, was discussed, but no action taken.

Senator Harris sought to reach some arrangement for the earlier meeting of the senate and for longer sessions for consideration of the tariff bill, but his efforts encountered such strenuous opposition that nothing was accomplished.

The chief interest of the day centered in Senator Hill's speech. That the question has not lost all its fascination was shown by the large crowds drawn to the senate. The speech was mainly directed against the income tax, although Mr. Hill spoke of the "humiliation" of the Hawaiian question which he attributed to the fact that the head of the state department was a Republican.

### The House Depopulated.

WASHINGTON, April 10.—The house was depopulated. Three-fourths of the members were at the senate listening to Senator Hill's speech on the tariff. Those who remained were occupied with District of Columbia affairs, but little actual business was transacted. Most of the time was spent wrangling over two bills, one to extend the time allowed the Metropolitan street railroad to change its motive power and the other to allow bookmakers to operate at the spring and fall meetings of the Washington Jockey club. Both, however, met with such opposition that they were withdrawn. Only one bill of any importance, providing for \$1 gas in the District of Columbia, was passed. At 5:10 the house adjourned.

### HORSE HOLOCAUST.

One Hundred and Thirty-Seven Fine Animals Burned to Death.

BALTIMORE, April 10.—One of the most destructive fires of its kind which ever occurred in Baltimore, took place last night in the burning out of Bernard Mannion's livery stable. It was filled with valuable blooded stock and expensive equipages. The horses were stalled on the second floor and the fire cut off access to them. One hundred and thirty-seven fine animals were burned up or suffocated.

The loss on building and contents will exceed \$300,000. Among the horses destroyed was the famous racing mare "Lottie Collins," owned by A. F. Spafford, and was valued at \$10,000. The building is valued at \$75,000, and is insured for \$30,000, and is a total loss.

### Physician Dies of Blood Poisoning.

ST. LOUIS, April 10.—Dr. John Hove Jenks, professor of physiology and modern languages at Washington university, died yesterday from blood poisoning. When dissecting a corpse last Tuesday Dr. Jenks cut himself in the hand. His arm swelled rapidly, and everything possible was done to save his life, but to no avail. The dead physician comes of an old New England family.

### Seven Hundred Men Strike.

AKRON O., April 10.—Seven hundred men went out on a strike at the Werner Printing company's establishment yesterday. Some time ago the company made a 10 per cent reduction in the wages of all employees. The men yesterday demanded that their wages be restored to the old basis, and upon the refusal of the company to do so, quit work.

### Pipe and Iron Works Burned.

LYNCHBURG, Va., April 10.—The Glamorgan pipe and iron works of this city were totally destroyed by fire last night. The loss will be between \$75,000 and \$100,000; insurance unknown. This company employed about 300 men, and had enough orders ahead to run them six months.

### Killed His Brother-in-Law.

BENTON, Ill., April 10.—News has reached here of the assassination of I. N. Kilyen by Milton Allen, at Africa, Williamson county. Kilyen was Allen's brother-in-law, and trouble had existed for some time between them.

Born, to the wife of J. W. Jordan, April 8th, a boy.

Jacob Thomas visited his "best girl" at Tollesboro Sunday.

Harry Dobyns sold his tobacco to L. Gebke at 6 cents per pound.

J. L. Markwell and family visited the family of J. L. Savage Sunday.

Steel Mattingly and Miss Gertrude Owens visited friends in Flemingburg last week.

Mr. Joe Lukins whose sickness was reported last week, is still in a precarious condition.

G. W. Jordan and daughter, Mrs. Ruggles, of Tollesboro, visited relatives in Gilead Sunday.

Mrs. John Smith, a most estimable old lady, died at her home near Mt. Carmel Thursday, of dropsy.

Wheat seems to be coming out quite nicely since the freeze and in all probability is not damaged.

James Breeze died Thursday, April 5th, and was buried at Mt. Gilead the 6th. He had been sick since last June.

J. D. Baugh and brother, of Covington, and Rees Wallingford and Geo. Johnson, of Maysville, attended the funeral of James Breeze Friday.

Miss Ella Stanley Stubblefield, who died at Rectortown April 1st, was a lady beloved by all who knew her. She had never identified herself with any church, and yet her every day life was so circumspect and all her talk and manners so modest and full of good meaning, that no one who knew her could accord her anything but a christian character. We do not wish to say anything that tends to encourage remaining out of the visible church, but we must say in this case that no church could present us with a lovelier or more exemplary character. She had been a sufferer from physical troubles much of her life, but had always borne her sufferings with marked composure and christian resignation. For several years before her final illness she had been in the enjoyment of good health and had been complaining only a few weeks, starting with a cold and culminating in a combination of peculiar troubles beyond the knowledge of the medical profession. God in his wisdom has seen fit to afflict this once happy lady of which she was a member, very heavily recently. Just seven weeks prior to her death, the uncle, J. D. Stubblefield, died. These bereavements, coming so close together, are of course, the harder to bear, but those of the home from which they were taken, and all who loved them from association have the grand consolation of believing that their death was only a happy transition from the trials of life to the beauties and joys of heaven.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

#### Cincinnati Tobacco Market.

The past week business has shown no improvement, there being no special demand for any class of tobaccos, buyers showing a don't-care-whether-I-get-it-or-not feeling, and the result was an easy, indifferent market, with unsatisfactory sales, but rejections, while more than the usual percentage, were not extensive, as there was a disposition on the part of holders to let go at the prices now prevailing.

New tobaccos, the offerings of which are as usual, mainly of the common and low grades, the majority of which were of a poor quality, and the demand was easy with prices ruling low. But for those showing color there is a fairly good demand and they sell very well. Medium leaf showed a fluctuating demand, and can be quoted as without special activity and easy. There is nothing fancy, and only an occasional hoghead of good leaf appearing on sale.

Old tobaccos of which there was a good sized offering do not attract much attention from buyers, and there is an easy, unsatisfactory market, many holders though are accepting the inevitable and letting go as there really seems no prospect of any immediate improvement in the demand or advances in prices.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

It Removes Dandruff,  
Cleans the Scalp,

### The Fight For Railroad Commissioner.

Courier-Journal: "The race for Railroad Commissioner in the Third election district shows more sign of an interesting fight than the several Congressional races in that end of the State. Present Commissioner Poyntz, of Maysville, was the first candidate to announce himself, but was followed a few days later by Hon. Green R. Keller, of Carlisle, and these two have already begun chasing around through the counties in active search for votes. Capt. B. A. Tracey, of Winchester, and Col. A. W. Hamilton, Mt. Sterling, have since been added to the list, and Judge W. M. Beckner, of Winchester, and Hon. J. T. Hazelrigg, of Morgan, and two or three lesser lights are being talked of, but are yet to be heard from before the entries are closed."

#### River News.

The towboat S. L. Wood will be taken out on the Fulton ways for a thorough overhauling.

Captain Sam Hamilton has succeeded Captain James Martin in command of the Bonanza. Captain Hamilton is a brother of Captain J. Hamilton, of this city.

The Joseph B. Williams has just delivered at New Orleans the biggest tow on record. Forty-five boats and barges contained 1,034,000 bushels of coal. The same quantity of coal to have been transported by land would have required 130 locomotives and 2,000 cars.
